## Why Are FIIs Selling Indian Stocks? Understanding the 2026 Exodus

Foreign investors pulled out a record Rs 2.06 lakh crore from India in 2026. But it was not about India failing. It was oil, US dollar strength, and global uncertainty. Learn why FIIs fled, what just changed in June, and why domestic investors never stopped buying when FIIs panicked. A must-read for every investor facing market volatility.

Hack of the week

## Hack of the Week: Check Your Retirement Plan Right Now

When markets look good, people stop thinking about the future. That is the mistake.

Today FIIs are buying and oil is below \$80. This is the perfect time to use Bonvista's Retirement Planning Calculator. Most people find out they need 30 to 50 lakh rupees more than they have saved. By then it is too late.

With cheaper oil and strong market setup, now is when you can increase your SIP and lock in good entry prices. But only if you know your exact retirement goal.
